RFID POUCH WITH KEYCHAIN RFID-02

PRODUCT DESCRIPTION

This RFID Key fob protector can effectively protect your car from theft. The stylish pouch is envelope shaped and is made of stain-resistant and scratch-resistant PU material.

The pouch includes a double layer for your key fob to be inserted into and includes a hook and key chain component and a separate area to store credit cards. By placing your key fob inside the inner layer of the key pouch you are effectively protecting your fob from hacking signals. Simply place the fob inside the pouch and seal shut preventing your car signal from being accessible by thieves.

SINGLE-USE BREATHALYZER EK-045

PRODUCT DESCRIPTION

An ideal drunk driving prevention tool for your businesses! Perfect for all your corporate events: office celebrations (Christmas and others), golf tournaments, special meetings (employee departures) wine and cheese tastings, galas, banquets, weddings and all other events where alcohol is served!

A thoughtful gesture all your employees will remember!

In only a few minutes, this breathalyzer will inform you if you're over the legal driving limit.

The Alcograd single use breathalyzer is FDA and MADD Canada approved. Additionally, it is certified according to the standards of TÜV, a certification and technical organization present in 69 countries in Europe and in 32 areas of activities.

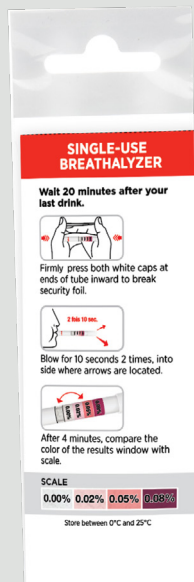

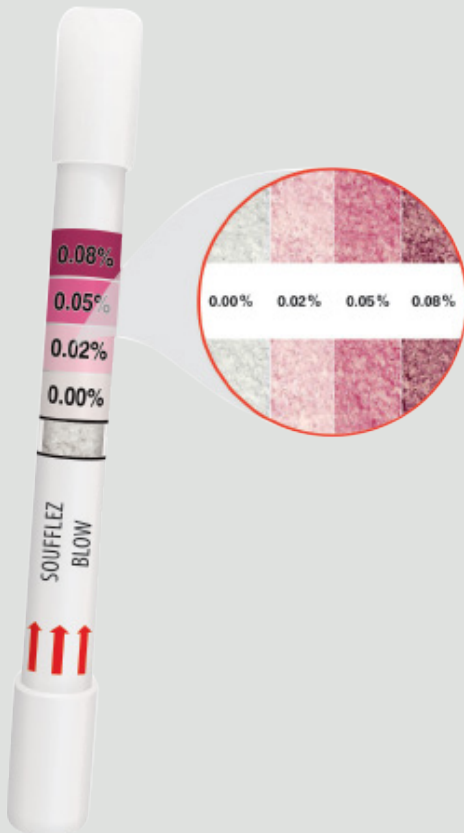

Benefits of Alcograd Personalized Single-use Breathalyzer

- Effective
- Easy to interpret: a different COLOUR for each level of intoxication
- Economic
- Offers peace of mind
- No calibration necessary
- Can save lives and prevent accidents
- Small and discreet, it slips easily into a pocket or hand bag

Easy to use: Press the two ends to puncture the aluminum, blow in the tube and wait for 2 to 4 minutes to interpret the result. Depending on your rate of alcohol, the crystals will be white (0.00), pale pink (0.02), medium pink (0.05) or purple (0.08).

Product ships approx. 2-3 weeks after proof approval.
